

# Kaleo Tours Hawaii Cruise

Nov. 10-18, 2017

*Imagine Hawaii.... Oahu's Diamond Head & dazzling Waikiki Beach, Maui's tropical beaches, waterfalls and rainforests, Kauai's spectacular Na-Pali Coast & Waimea Canyon, the Big Island of Hawaii's volcanoes & black-sand beaches... experience them all – One unforgettable vacation.*

## Nov. 10 Oklahoma City to Honolulu

The day we have been anticipating is finally here. We will meet at the OKC airport for our flight to Honolulu. On arrival check into Honolulu hotel. Evening free.

## Nov. 11 Oklahoma City to Honolulu

Enjoy free time in Honolulu until mid-afternoon when we board our NCL ship, **Pride of America**, our home for the next seven nights. The crew will be anxiously awaiting our arrival to assist us as we prepare for our 7:00 pm *Bon Voyage*.

## Nov. 12 & 13 Maui – The Valley Isle

**Two days to visit Hawaii's Valley Isle.**

*Voted the best island in the world – for six years in a row, this tropical paradise has it all: hundreds of spectacular beaches, cascading waterfalls, voluptuous jungles bursting with color and birdsong, dramatic volcanic craters and small, charming Hawaiian towns. You'll agree – there's nothing on earth quite like it.*

## Nov. 14 Hilo – Eastern shore of the Big Island

*Although Hilo is Hawaii's second largest city (ranked second in size and population to Honolulu), it is a community. It has an old-fashioned comfortable feel. Hilo has been described by some as Honolulu before the jets came in. It is a great place to learn about old Hawaii and the environmental and cultural forces that shaped it.*

*Hilo flows down the lower slopes of Mauna Kea Mountain of the world-famous astronomical observatories of seven major nations. The town straddles a tranquil river with waterfalls and lush vegetation. Although Hilo holds the title of rainiest city in the United States, most rainfall is in the evening. When the sun is shining, Hilo is a lush, tropical oasis.*

**Nov. 15 Kona – Western shore of the Big Island**

*Our second visit to the Big Island will be the western shore. Kailua-Kona best known for coffee production offers visitors opportunities from scuba diving, hiking up the side of a volcano or visiting the Sadie Seymore Botanical Gardens.*

**Nov. 16 & 17 Kauai - The Garden Isle**

*Kauai offers a different kind of paradise – more low-key and pristine, and somehow more authentic. A Kauai rule states no building can exceed the height of a coconut tree, so the skyline is dominated by swaying palms, majestic mountains and almost daily rainbows. Full of lush, picture-perfect beauty.*

**Nov. 18 Honolulu, O’ahu – The Gathering Place**

*Our evening flight back to Oklahoma will allow us a day to enjoy Honolulu. Oahu has a reputation for having the most consistently beautiful weather – light trade winds and 82°F almost year round. Cosmopolitan Honolulu features fantastic dining, world-class shopping, historic landmarks and glamorous Waikiki Beach. Away from the city, check out Diamond Head, the famous waves along the North Shore and more.*
